

KEEPING THE

‘ON’

We are committed to provide reliable, adequate and quality power supply to people living in rural parts of Odisha at an affordable cost. We are helping our customers to efficiently use of power, by constantly improving our processes, technology and enhancing ambiance in work environment.

We are leaving no stone unturned in ensuring energy savings through which more people are connected, better quality of life is provided and burden on the earth is reduced

***Join us in our journey in making
this world a better place to live in.***
